FIREARMS REGULATION 2017 Part 10 Participation requirements for club members

Definitions In this Part—

approved club for a particular category of licence means an approved shooting club (including an approved pistol club), approved hunting club or approved collectors' society or club of which the holder of a licence of that category is required to be a member under this Part.

competitive shooting match means a shooting activity in which scores are kept and results recorded.

compliance period for an approved club means each consecutive 12-month period that starts on the day of the year that the club has determined to be the start of its compliance period for the purposes of participation by club members.

participation in a shooting activity includes, in the case of a competitive shooting match, officiating at such a match.

shooting activity of an approved club means the following—

- (a) a shooting activity that is conducted by the club at the club's shooting range, including a competitive shooting match, shooting training and target practice at the club's shooting range,
- (b) firearms safety training conducted by the club at the club's shooting range,
- (c) a competitive shooting match held at a shooting range other than the club's shooting range where the match is endorsed by the club (including such a match that is conducted outside NSW or outside Australia).

106 Participation requirements for pistol sport/target shooters

(1) The holder of a category H (sport/target shooting) licence must be a member of at least one approved pistol club and must during each compliance period for such a club of which the person is a member participate in shooting activities of an approved pistol club (whether or not a club of which the person is a member) as follows--

(a) during a compliance period in which the person has only **1 kind of pistol**--the person must participate in at least **6 shooting activities of an approved pistol club that are competitive shooting matches**,

(b) during a compliance period in which the person has **2 kinds of pistol**--the person must participate in **at least 4 shooting activities of an approved pistol club for each kind of pistol (a minimum of 8 shooting activities in total) of which at least 6 must be competitive shooting matches**,

(c) during a compliance period in which the person has **3 kinds of pistol**--the person must participate in **at least 4 shooting activities of an approved pistol club for each kind of pistol (a minimum of 12 shooting activities in total) of which at least 6 must be competitive shooting matches**.

(2) There are 3 different kinds of pistol for the purposes of this clause--air pistols, rimfire pistols and centre-fire pistols. A black powder pistol is to be regarded as a centre-fire pistol.

(3) The number of different kinds of pistol that a person "**has**" during a compliance period is the number of different kinds of pistol that the person has registered in their name during the compliance period.

(4) If the number of different kinds of pistol that a person has during a compliance period changes during the compliance period, it is the highest number that the person has that determines the number of shooting activities that the person is required to participate in during the compliance period but in such a case the Commissioner may reduce the required number of shooting activities if the Commissioner considers it to be fair and reasonable to do so.

111 Membership of more than one approved club

(1) If the holder of a licence who is required under this Part to be a member of an approved club of a particular category is a member of more than one approved club of that category, the following provisions apply--

(a) the licensee must nominate a principal club of that category of which the licensee is a member and with which the licensee will mainly be involved,

(b) the licensee must notify the Commissioner of the nominated principal club in writing or in such other manner as may be approved,

(c) if the licensee participates in any compliance activity of a club of that category that is not the licensee's nominated principal club of that category--the licensee must notify the nominated principal club in writing of the details of any such activity within each compliance period of the nominated principal club,

(d) compliance activity is required only during a compliance period of the nominated principal club.

(2) In this clause,

"compliance activity" means an activity in which a person participates for the purposes of compliance with a requirement of this Part.
